Wrocław, Poland

Hello Maria and Pelagia,

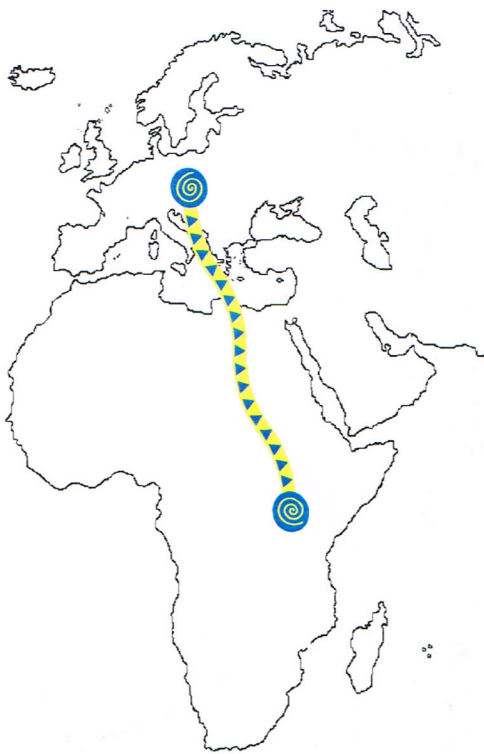

We are from Poland. We are all 10 -11 years old and we are together in 4th grade. We would like to get to know you and make friends with you. We are from EKOLA school. This year we learn a lot about Africa, but we would like to know more. Can you tell us about living there?

What do you do every day, what are your interested in, what are your favourite toys and games? What do you normally eat and what is the food and drink that you like the most? Do you cook for yourselves? At what time do you get up and start lessons? What subjects do you have at school and what is your favourite? What languages do you speak? What do you do in your free time? Our hobby is mostly sport (like swimming, horse riding and playing football).

Everyday we wake up at about 6 o'clock and school starts at 8. We learn Polish, History, Maths, English, German, Art, ICT, PE, Biology, Ecology and others. Boys in our class like football and computer games and girls like reading, drawing, dancing (just like you!), singing and playing on the computer too.

We look forward to hearing from you!

All the best,

Kuba Klam ☺
